

Measuring your chain size:

Step 1: Take a string and place it around your neck gently to desired length.

Step 2: Mark the two meeting points.

Step 3: Using a ruler, measure the distance between the two meeting points.

Step 4: Choose a size from the following table that most closely corresponds with your desired length.

Length (in)	Length (cm)
14	35.56
16	40.50
18	45.75
20	50.75
22	55.88
24	61.00
30	76.25
34	109.20
